Heart Wreath

- Supply List: Foam wreath
Yarn (dark gray and light gray)
Red Ribbon
Red Felt
Heart Template

1. Begin by wrapping the dark gray yarn in a single layer closely around the wreath making sure to cover all of the green. *You will need to leave three strands of dark gray measuring about 12 inches each for step 5. (They will be used to secure the hearts)*

2. Tuck in the last strand to secure it.

3. Start wrapping the light yarn where you would like it located on your wreath.

4. Using the provided heart template, cut 3 hearts out of the red felt. Lay the hearts on the light gray yarn.

5. Using the three strands of dark gray yarn secure the hearts in place. Lay the yarn behind the wreath and bring forward then crisscross the strand and tie it in the back securely.

6. Use the red ribbon to hang your wreath.
